Procedures

STEP ONE – APPLY FOR THE PERMIT

Where to apply: Applications are accepted in the Department of Permits and Inspections, at the above address.

When Applications Are Accepted: Applications are accepted Monday through Friday, (excluding County holidays) between 8:00am and 3:30pm. To ensure adequate time to complete your submittal, please apply prior to 3:00 pm.

STEP TWO – OBTAIN REVIEW APPROVALS

During processing, the permit application will be reviewed by various agencies for their approval. It is important that you check status of the application and address any concerns or requests for additional information promptly.

Plan Review Timeframes:

- Entire structure: 1 week
- Partial structure: 2 weeks

Agency Review Status: Review timeframes for agencies outside of the Division of Permitting and Development Review may vary. If additional information is requested by any reviewing agency during processing, a notification is mailed to the applicant. Up-to-date review status may also be obtained via the Frederick County Government website www.FrederickCountyMD.gov/DPDR.

Permit Issuance:

The issued permit will be mailed out to the applicant usually within 24 hours of issuance. The issued permit may be held for applicant pick-up if requested.

The issued Building Permit packet will contain the permit copy, the permit placard to post on the property, inspection procedures, and additional information.

STEP THREE – OBTAIN INSPECTION APPROVALS

Inspections: The permit packet will contain valuable information regarding the inspection procedures, as well as one set of the reviewed construction plans to be kept onsite. Please read all information included in the packet when you receive it, so your inspection process goes as smoothly as possible.

Certificate of Completion: The end result of the permitting process is the issuance of the Certificate of Completion. The Certificate of Completion is issued when all final inspections have been approved and the construction has been approved for use. It is mailed to the applicant of the Building Permit.

OTHER GENERAL INFORMATION REGARDING BUILDING PERMITS

- All fees must be paid at time of application, by check or cash. Credit or Debit cards cannot be accepted. Permit fees are calculated for each permit application. Each structure, use or permit type require a separate permit application.
- Building Permits are non-transferable and non-assignable.
- Electrical and Plumbing Permits are separate permits with separate fees. The licensed persons who will be doing the work applies for these permits.
- Time Limitation of Application: An application for a permit for any proposed work shall be deemed to have been abandoned six months after the date of filing, unless such application has been pursued in good faith or a permit has been issued; except that the Building Official is authorized to grant 1 or more extensions of time for additional periods up to 1 year each. The fee to extend a permit application or a building permit is the minimum permit fee of \$55.00. Each request to extend a permit shall be made in writing with justification and received *in advance* of expiration date.
- Refunds: Filing fees are non-refundable and non-transferable. In the case of an abandonment or discontinuance of a project that has been made and, upon cancellation, 50 percent of the fee paid, less the minimum fee may be refunded, provided (1) No construction has occurred, and (2) The request for refund is received prior to the expiration date of the permit. The request must be made on a form provided by the County. Revoked, suspended, expired or invalid permits are not eligible for refunds.
- Revisions:
 - Revisions that are in direct response to a plan review comment - The first two plan revisions or resubmittals are reviewed at no additional charge. The third plan revision or resubmittal is an additional 25% of the original fee, and the fourth and subsequent plan revision or resubmittal is at 50% of the original fee. The Office of Life Safety also charges a revision fee based on the same schedule.
 - NonResidential revisions that are administrative only, not subject to a plan review, are \$28.00.
 - All other NonResidential revisions are \$110.00 plus \$0.21/SF of revised area. The Office of Life Safety also charges a revision fee of \$110.00 plus \$0.12/SF of revised area.

Roadside Tree Law - Changes to Permit

Passed in 1914, the Roadside Tree Law and its regulations were developed to protect Maryland's roadside trees by ensuring their proper care and protection and to ensure their compatibility with the public utility system.

Before a roadside tree* is trimmed or cared for in any way including removed, a **Tree Care Permit must be obtained from the Maryland DNR Forest Service**. A roadside tree is any tree that grows all or in part within a public road right-of-way**. A permit is also needed to plant a tree within the public road right-of-way. Any work (including removals) performed on a roadside tree, 20 feet or greater in height, must be done by a licensed tree expert. If tree care or removal is performed on a roadside tree without a permit, a fine or more severe actions may be assessed by the Maryland DNR Forest Service.

During the 2009 Legislative Session, the Roadside Tree Law (NRA §5-401—5-406, Annotated Code of Maryland) was amended to state: **"A county or municipality may not issue a building permit to an applicant for any clearing, construction, or development that will result in the trimming, cutting, removal, or injury of a roadside tree until the applicant first obtains a permit from the Department in accordance with this section."** [NRA 5-406(D)] *emphasis added*

* a roadside tree is defined as a plant that has a woody stem or trunk that grows all, or in part, within the right-of-way of a public road. [COMAR 08.07.02.02.B.(10)]

** right-of-way of a public road is defined as that land the title to which, or an easement for which, is held by the State, county, or a municipality for use as a public road. [COMAR 08.07.02.02.B.(8)] Right-of-ways of a public road that has not been surfaced with either stone, shell, concrete, brick, asphalt, or other improved surface material is exempt. [COMAR 08.07.02.03A.(2)]

To determine if a permit has been issued:

A website query is currently being developed which will allow the public to query an address or the city to determine if a permit has been issued. This will be located on the MD Forest Service website. The query can only indicate if a permit has been issued. *A negative response from the Roadside Tree Permit Query may indicate that either a roadside tree permit was not requested at this address or that there are no roadside trees at this address (and no permit is required).* Please remember that all applicants receive a paper permit and can submit these as requested.

If the applicant needs a roadside tree permit, a permit can be obtained at:
